Every Indication Is That He Will Not Be Confirmed by Senate Committee, Says G. J. Waller-Last of the Democratic Candidates Back From the Mainland.

With little certainty regarding the governorship situation in his mind, ex cept a firmly rooted belief that the nomination of L. E. Pinkham will not be confirmed, ti. J. Waller, the last of the original Democratic candidates for the position returned from the mainland yesterday. He has not been in Washington for some time, having been busy on the Coast attending to his private business and incidentally doing some boosting for Hawaii generally and for the coming Mid-Pacific Carnival in par-ticular. He appears in excellent health and has not the appearance of a man who has either had any great disap pointment or is looking for one. "There is very little that I can say

regarding the governorship situation, he told The Advertiser yesterday, "ex cept that I believe the protests filed against L. E. Pinkham make it almost an impossibility for the senate committee on Pacific Islands and Porto Rico to confirm him. I know that some of the memebrs of that committee are very opposed to the presidential much

"If Mr. Pinkham be not confirmed, what then?" he was asked.
"I have no idea," he said. "Almost

anything might happen."

Mr. Waller was a guest at the Commercial Club banquet in San Francisco at which Secretary Lane was the guest of honor. At that time the secretary appeared to be in excellent health and his appearance gave no warning of the breakdown that was to come within a few days. Mr. Lane made a strong speech the tenor of which was that San Francisco need not worry over the success of the exposition, even if Great Britain and Germany did not care to be represented. "The States of the Union could give a great world's fair without any outside assistance," he said, a sentiment that was loudly cheer-

"I paid a visit to the exposition grounds," says Mr. Waller, "and saw the great progress that is being made. I looked over the Hawaii site It is a splendid one. But Hawaii needs more money than the hundred thousand voted. We need a great deal more than that to get the full benefit of the advertising the exhibition can give us I trust that Kuhio will be able to in duce congress to help the Territory. The 1915 exposition could be a great thing for Hawaii if we are ready to take ad vantage of it.

"I find an increased interest in the Islands on the mainland. Everywhere I went people appeared to know some-thing about us and the interest they showed was real."

# HEARINGS OF BANANA COURT NEARING END

This week will witness the close of the hearing of claims before the ban-ana court, the claims now being looked ana court, the claims now being looked into being those of all nationalities except Portuguese, Hawaiian, Chinese and Jaranese, which were heard previously.

George W. Paty yesterday told the banana judges he had asked the board that the province of the Inspector George S. Raymond yester.

Southworth, for county ting, but that this was refused and his pet plants were destroyed. Chief Justice Rawlins, speaking for the banana court, asked Paty if the refusal was not in line with the latter's fight against screen doors in connection with saloons. This, of course, brought out a laugh from everybody and a shrug from Paty. Referring to the proposi-tion of mosquito netting, Attorney Mills, who was in court, thought that pillows should also be provided for the mosquitoes.

# WOODLAWN DISCUSSED

establishment of a social settlement for Woodlawn was the topic un-der discussion at the meeting of the Manoa branch of the Woman's Cooperative League held at the home of Mrs. F. E. Steere yesterday afternoon. The members expressed the hope that the services of the Hawaiian Board of Mistrict may be begun in the near future.
A report on the general work done by the league during the summer was read and plans for the fall discussed. With the return of the members from their vacations the meetings will be held every month and the work, somewhat enlarged, will be carried on along the same lines as it was last year, it

# Recruiting Continues.

The recruiting of Filipino laborers for Hawaii goes on much the same Manila, according to Mr. Read, years day. There is still the strong opposi tion of the native press, which he has its effect but which does not deter the work much. Most of the oppose tion, he believes, is due to the efforts of the native press to "save its face rather than to any sincere desire to stop Filipino immigration to Hawaii.

The reports received in Manila from Hawaii concerning the Filipinos were favorable ones he said, and he was in-terested in learning how they were doing here. All reports were to the effect that the recruits were doing well on the plantations and that they were well-liked.

#### Babbitt's Return Expected. He stated that the Manila office

the planters expected the arrival of W. H. Babbitt there at any time to relieve Agent Kinney who is about to leave for his vacation. Babbitt, who is assistant in the labor bureau of the plan-ters, is still in Honolulu however. There are at present two agents in Manila the other being Harry Colburn, former ly a mate in the American-Hawaiian service and later employed on the Kahului railroad. Colburn just returned from an extended vacation in Europe,
